Conversation: glazes to test!!!

Hi Julia-

I am including recipes for 2 of my fav glazes (they are fairly similar). If you can test them during the workshop it would be awesome, but either way I'm excited to see your results!

I just started mixing new slipcasting clay bodies this week. So I'll have those tests firing soon.

This first glaze is probably the better one to test since it is a simpler recipe.

Rutile Yellow Liner
Custer F 57
Whiting 19
EPK 14
Zinc Ox 9
Flint 6
Rutile 6

Semi-Matte
Kona F-4 40
Whiting 10
Dolomite 15
Mag. Carb 10
EPK 15
Flint 8
Frit 3124 12
Rutile 3
